

Refillable, Rechargeable, Completely Portable Compressed Air Sprayers

Sure Shot sprayers are an inexpensive way to apply bulk chemicals like degreasers, penetrating oils, solvents & lubricants. They use readily available compressed air, instead of flammable/dangerous propellants, and because they are reusable, you don't have to worry about disposal of empty cans.

ATOMIZER SPRAYER

Powder Coated Steel Canister

Product # 06 A1002

Product Description

These sprayers are resistant to most solvent based solutions such as diesel fuel, kerosene, turpentine, xylene, degreaser, n-hexane & tyre shine.

Applications

Cleaning chemicals, concrete sealers, brake cleaner, auto service/transport, welding anti-splatter.

NOT RECOMMENDED FOR PAINT.

Technical Features

- ▶ VITON Seals
- ▶ Adjustable Nozzle
- ▶ Max Pressure: 98 PSI
- ▶ Powder Coated Steel
- ▶ Liquid Capacity: 1.0L
- ▶ Total Capacity: 1125 mL

REFILABLE AEROSOL

Nickel Plated Aluminium Canister

Product # 06 8100PL

Product Description

This sprayer is resistant to most solvent based solutions such as diesel fuel, kerosene, turpentine, xylene, degreaser, n-hexane & tyre shine.

Applications

Cleaning chemicals, brake cleaner, auto service/transport, welding anti-splatter, fuel injection cleaning.

NOT RECOMMENDED FOR PAINT.

Technical Features

- ▶ VITON Seals
- ▶ Liquid Capacity: 470mL
- ▶ Environmentally Friendly
- ▶ Nylon Head
- ▶ Max Pressure: 200 PSI

Note: These sprayers are not suitable for acid nor alkaline/acetone based substances.
